GitHub: <https://github.com/alexandru-ene-dev>

Self-taught fullstack web developer with over a year of focused learning. I enjoy building real projects, learning and writing about tech. Eager to grow and collaborate as part of a development team.

SKILLS

- **Frontend:** Next.js, React, TypeScript, JavaScript, HTML, CSS, Tailwind
- **Backend:** Node.js, Express.js, MongoDB, Render
- **Deployment:** Vercel, Render
- **Tools:** Git, GitHub, Compass, Figma, Postman, VSCode

PROJECTS

Progressio E-commerce Web App

- Fullstack web platform created with React, Express, MongoDB and Typescript
- Features product listing, search, cart and favorites system and authentication
- Users can register, log in, edit profile and manage their accounts
- Supports theme, responsive design and accessibility
- Deployed via Vercel (frontend) and Render (backend)
- GitHub: <https://github.com/alexandru-ene-dev/ecommerce-website>
- Live: <https://progressio-ecommerce-website.vercel.app>

WRITING

Blog on dev.to community / <https://dev.to/alexandru-ene-dev>

Wrote 10+ posts about web development topics, learning challenges and personal growth during my self-taught journey.
